

Results and conclusion²

In accordance with the **EN 13727 (2012+A2:2015)** and the "Requirements and methods for **VAH**-certification of chemical disinfection processes" (**2015/2022**), the batch B23001 of the test product **Sporosan® WD 42**, when applied at the concentration / contact time - relations of at least **80 % / 15 s** and **50 % / 30 s** at 20±1 °C under clean conditions (0.03 % albumin), **possesses bactericidal efficacy** ($\log_{10} \text{RF} \geq 5$) for the reference strains *S. aureus*, *E. hirae*, *P. aeruginosa*, *E. coli* and *P. mirabilis* (Tab. 1 – 5).

Results are considered validated in accordance with the requirements of the **EN 13727 (2012+A2:2015)** and **VAH (2015/2022)**.
